Quality Weatherproof Electrical Equipment

Outdoor Living,Spa Panels

Product #: UG412RMW260

SPECIFICATIONS

Category	Spa Panels
Amps	60.0
Enclosure	Metallic
AIC	10,000
Cabinet Size	7 X 10
Color	Gray
Hub Provision	Yes
Installed Breaker	2P 60A GFI
Load Center	125A Rated; w/ 2 additional breaker spaces
Phase	1
Service Entrance Rated	Yes
Standard Package	1
Stock Class Code	Stock
Certification	UL
Unit Weight	8.0
UPC	078456720652
Volts	120/240

GFI disconnects provide a convenient, low-cost means to satisfy NEC requirements for spas, hot tubs, water heaters, and swimming pools. The NEMA 3R design insures a safe, weather-tight installation for residential, light commercial, and even some industrial applications.
