

## FEATURES

- Patented copper drop-in cartridge consumed during the reaction process.
- Rugged long lasting 12-volt rechargeable battery control unit ignites hundreds of connections on a single charge.
- Six-foot controller cord standard, 15-foot cord optional.

## BENEFITS

- Cartridge is consumed leaving no waste such as plastic or metal containers on the job site.
- Long lasting **Ultra**-reliable ignition process allows for little to no downtime on the job site.
- Six or 15-foot cord allows for flexibility in tight spaces as well as maintaining a safe distance from the reaction.

**UltraShot® (Drop-In) Weld Metal**

Size	Qty. Per Carton	Size	Qty. Per Carton

## LOW SMOKE

Harger Lightning & Grounding offers a line of Low Smoke Ultraweld products for indoor use and for confined spaces. The process uses an integrated filter system on the mold and electric ignition of the weld to produce a finished connection with minimal smoke emission.

- To order Low Smoke Ultraweld molds, add the suffix "SX" to the desired mold part numbers.  
Example: Ultraweld mold GD584/0B becomes GD584/0BSX
- **Please Note:** Molds using US150 weld metal & larger will change the mold price key.  
Example: Ultraweld mold RT4/04/0BSX becomes RT4/04/0CSX. See chart below.
- Uses UltraShot Weld Metal.
- The filter should be changed every connection to ensure the best performance.
- Ignition is accomplished with the use of a USCONTROLLER.

**Price Key Changes for Low Smoke Mold Weld Metal Sizes US150 & Larger**

Part No.	Qty.	Approx. Each Wt. (lbs.)
USCONTROLLER	EA	11

Part No.	Description	Qty
USLEAD6	6' Controller Cord	EA
USLEAD15	15' Controller Cord	EA

**Low Smoke Filters**

Filter Part No.	Mold Size
USSXFLR1	A, L, M & R
USSXFLR2	B, E, K, P & Q
USSXFLR3	C, D, F, Y & Z

• Sold as 10 Pack
